

## Food Banks BC – COVID Emergency Funding

2020 brought unprecedented challenges to our network and we have been inspired by the ways you have adapted, pivoted, and innovated to ensure your clients, staff and volunteers are safe.

Food banks BC recognizes the challenges that have come your way since the beginning of the pandemic and looked to support through the PPE and Weather Grants. If your food bank is in need of further supports, we need to know.

We have allocated a pool of funding that is dedicated to assist you in dealing with issues that arise, so you can maintain a safe operating environment. **If you would like to learn more, please contact Dan, Executive Director at [dan@foodbanksbc.com](mailto:dan@foodbanksbc.com).**
