

## Food Banks BC – PPE Purchase Support Grant

The COVID pandemic has forced food banks to operate differently in order to adhere to public health guidelines.

Food Banks BC is supporting our members by providing **up to \$1,500** in funding to be used towards the additional expenses incurred due to the purchase of PPE equipment for your staff, volunteers and clients.

Items such as gloves, hand sanitizer, masks, plexiglass shields, disinfectant sprays, soap, thermometers, etc. are covered by this grant.

### How to Apply

Once you made your purchase, please submit receipts to Christine at [admin@foodbanksbc.com](mailto:admin@foodbanksbc.com) or fax to 604-498-1795 and Food Banks BC will reimburse you.

**For any of you who need further support with accessing PPE, regardless of whether you have accessed the \$1,500 allocation, please contact us to discuss how we can support.**

If you have any questions about eligibility of an item, please email [admin@foodbanksbc.com](mailto:admin@foodbanksbc.com) or call the office at 604-498-1798.
